Folks-- Attached find a new version of the background section, redline/strikeout, implementing the changes we discussed on today's phone call and correcting a grammatical error. The changes were made for three reasons:

Please let me know if anyone has concerns about these changes. Thanks.

Protected from disclosure: attorney work product, attorney-client communication, deliberative process.

Attached find for your consideration suggested language for the legal background section for the EIS. This has been vetted throughout SOL. We are comfortable with this being provided to the cooperating agencies as appropriate.
Please feel free to call with any questions.
